

IDEAL STANDARD

# Ceraplan

Ideal Standard

The redesign  
of a *legend*.

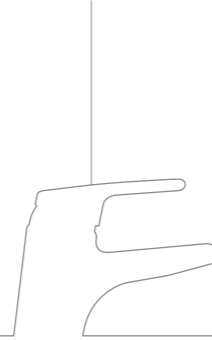

More modern, slimmer, simpler, and smoother than ever, we've redesigned a classic piece, updating it to help you face the challenges of modern living, achieving a beautiful balance of style and technology.

## Experience the subtle, harmonious *control* of Ceraplan.

Experience the subtle, harmonious control of **Ceraplan**. Softened lines on the outside, solid German engineering on the inside – the **Ceraplan** brassware range is the centrepiece of your bathroom, 20 years in the making.

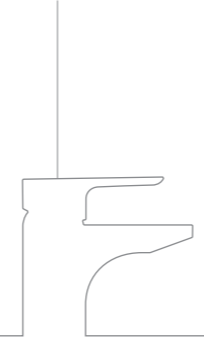

**CERAPLAN II**  
2000 – 2014

**CERAPLAN NEW**  
2002 – 2016

**CERAPLAN III**  
2014

## Beautiful *inside* and *out*.

The new **Ceraplan** is more comfortable and ergonomic thanks to adjustments to the spout length and handle height, and easier to clean due to its smoother exterior.

"WE'VE REDESIGNED AND IMPROVED ON OUR CLASSIC, ACHIEVING A BEAUTIFUL BALANCE OF TECHNOLOGY AND STYLE."

• EASIER GRIP THROUGH +15MM HEIGHT

• SUBTLE NECK IMPROVING CLEANING

• INCREASED COMFORT +10MM

• REDUCED NECK

• -10% SLIMMER

Packed with *benefits*.

H 60mm

H 75mm

H 250mm

**IDEALCOMFORT**

**Ceraplan** comes in a variety of what we call comfort height. It means **Ceraplan** adapts to the usage you will do of the tap and will make your every day more comfortable. Height options from 60mm to 250mm.

**EASYFIX+**

EasyFix+ system makes fitting quicker and easier than ever. It's up to 50% faster than standard fitting, and 15% faster than our original EasyFix system.

**BLUESTART**

BlueStart delivers only cold water when the tap is in the middle position.

**LIGHTMOVE**

Enjoy a great experience thanks to the light smooth cartridge which ensure that the water flow is just right for you.

**SMARTSHINE®**

**Ceraplan** is now easier to clean, thanks to the smooth lines and absence of recesses, and features SmartShine finish – making fittings feel as though they've always been part of the space, but look brand new.

German  
Engineering

A mixer for  
every situation.
