Singular™
from Ideal Standard

SINGULAR™ IS WHERE IT ALL COMES TOGETHER

From inspiration to installation, Singular is our end-to-end journey for creating integrated cross category washroom and bathroom solutions.

It's built on our understanding of customer needs and our expertise in creating specifications. Our solutions bring together design and performance to make life easier for everyone while also being mindful of the planet.

Whether you're an architect, a specifier or a tradesperson, Singular offers a seamless journey to that one, perfect cross-category solution, incorporating products that stand out with inspirational designs, innovative technology and sustainable features.

TOGETHER FOR A BETTER FUTURE

As one of the leading manufacturers in the bathroom industry, Ideal Standard has an important role to play when it comes to building a more sustainable future.

We have a strong belief that acting responsibly is fundamental to the long-term success of our business and will benefit not only our partners, customers and employees but also the wider communities in which we operate.

This is a comprehensive commitment that touches every part of our organisation, ensuring we are significantly reducing our impact on the environment, producing products that encourage sustainable living practices, focusing on ethical conduct in business and creating a workplace that is safe and equitable for everyone.

As recognition for our ongoing sustainability efforts Villeroy & Boch Group has been awarded with the EcoVadis Platinum Medal, for 2025, placing us in the top 1% of all companies rated by EcoVadis.

EcoVadis the world's largest and most trusted provider of business sustainability ratings and their accreditation covers four holistic areas: environment, labour and human rights, ethics and sustainable procurement. This is a great achievement that spurs us on to continue improving good sustainability practices.

We have a strong belief that acting responsibly is fundamental to the long-term success of our business and will benefit not only our partners, customers and employees but also the wider communities in which we operate.

This is a comprehensive commitment that touches every part of our organisation, ensuring we are significantly reducing our impact on the environment, focusing on ethical conduct in business and creating a workplace that is safe and equitable for everyone.

For a better planet

Decarbonise

Committed to actively work towards carbon neutrality.

Circular economy

Use recyclable & sustainably sourced materials wherever feasible.

Innovation

Deliver innovative products that encourage sustainable living.

For better lives

Culture

Foster growth in our employees, encouraging social awareness and engagement.

Equality

Operate a gender and ethnically diverse environment that ensures equality for all.

Safety

Maintain world class safety standards.

For better business

Customers

Safeguard supply chain resilience and customer satisfaction.

Suppliers

Robust governance of supplier commitment to Ideal Standard values.

Transparency

Deliver accurate, transparent and ethical reporting to all stakeholders.

Innovating for a better tomorrow

We strive to be leaders in performance. Whether it's excellence in comfort, safety, hygiene or durability, performance makes everything possible.

To the list can be added sustainability. By combining experience with expertise, we are able to push past limitations into new possibilities, and deliver innovations that help save natural resources, reduce our products' embodied carbon, increase their longevity and promote health.

Discover some of our performance-led innovations that help us in shaping a better tomorrow.

EcoLogic

Making sustainability an easy choice

We want to make it as easy as possible for our customers to make sustainable choices across all bathroom categories. This requires us to rethink our production processes and reduce the ecological impact of our products over their entire lifespan.

That is why we developed EcoLogic – a new approach to product development that focuses on four values, allowing us to integrate sustainability in our manufacturing processes and our finished products.

The four values touch every phase of a product's life-cycle and focus on reducing CO₂ emissions and waste, saving energy, water and other natural resources, promoting hygiene and protecting vulnerable users.

Aquablade®

Engineered for hygiene.

Silent, superior, splash-free flushing, even at low water volumes.

For spaces where hygiene is paramount, and for washrooms where first impressions are essential, AquaBlade® is the ultimate design solution.

Cleaner

AquaBlade® Technology ensures 95% of the surface is cleaned every time.

Quieter

AquaBlade® is proven to be up to 25% quieter than equivalent models.

Smarter

More effective and efficient use of water compared to standard flushes.

RimLS+®

Engineered for hygiene.

With every flush, RimLS+® delivers a powerful whole bowl clean with no place for bacteria to hide.

Splash-free and easier to clean, RimLS+ is the go-to solution for busy bathrooms. 88% of households would buy an Ideal Standard Rimless+ toilet. A toilet with excellent hygiene performance.*

*Result of a user survey commissioned by Ideal Standard and conducted by the institutes TCV-/isi-GmbH [n = 1,000 households with residential property – Germany n=500; Italy n=500], based on the outcome of external tests conducted by X-Tech srl for Ideal Standard measuring hygienic parameters of the toilet flush [unwashed toilet area, number of water splashes]. Scientific Supervision of User Survey: Prof. Dr. Andreas Scharf, University of Applied Sciences Nordhausen

HydroTwist®

Exceptional cleaning with every flush.

HydroTwist® sets the standard for hygiene and efficiency by channeling water into a powerful vortex.

This innovative flushing technology delivers pristine bowl cleaning in one swift flush while conserving water and reducing environmental impact.

Unmatched Vortex Power

High-Performance Flushing Exceeding European Standards.

Flawless In A Single Flush

Powerful Water Force Ensures A Residue-Free Clean In One Flush.

Water-Saving Efficiency

Uses Just 4.5 Litres Per Flush For A Powerful, Efficient Clean.

Rimless & Easy To Clean

No Overhanging Rim Allows For A Fast Clean In A Single Motion.

EasyFix⁺

Installation made effortless.

Our concealed fastening system makes installation faster, simpler, and safer. It's designed for convenience, with easy top-down access, EasyFix+ saves significant time on installation.

Easyfix+ system allows one-person installation with invisible fixings for a clean aesthetic.

ProSys®

**Engineered for your
peace of mind.**

The ProSys® installation system provides complete pre-wall solutions for all washroom fixtures: toilets, urinals and basins. With different products for solid and dry wall applications, ProSys® is ideal for a wide variety of projects. The versatile range combines seamlessly with Ideal Standard's range of ceramics and fittings to ensure optimal performance. With end-to-end quality control and exceeding testing standards, the ProSys® system provides complete peace of mind.

FirmaFlow[®]+

Engineered to last.

Ideal Standard pioneered the ceramic mixer tap disc cartridge in 1969, revolutionising the way people use bathrooms forever and making it possible to create the single lever tap.

Some 50 years on, the evolution of this innovation, FirmaFlow[®]+, continues to set the standard for ceramic discs through exceptional engineering and extraordinary durability, offering heat resistance up to 90°C. FirmaFlow[®]+ delivers incredibly smooth operation for 750,000 cycles, ten times the EU norm (EN817) and enough to last a family of four 20 years*.

750.000+

full use cycles, 10x the European norm (EN817)

90°C

heat resistant

20+ years

of daily use for a family of four

*Based on five uses per day per person as well as typical water conditions and use.
Test results only apply to our 38mm cartridge.

EasyFix⁺

Engineered for speed.

EasyFix⁺ enables fast installation in as little as half the time when compared with other standard market taps. Available on selected products from our range of basin fittings, this technology offers quick, effortless installation thanks to Ideal Standard's innovative mounting fixation. With EasyFix⁺, fitting is fast, fuss-free and secure.

BlueStart®

**Engineered
for energy savings.**

BlueStart® technology enables significant energy savings as only cold water flows when the tap is used with the lever in the centred position.

With standard taps most people turn on the water in the mid-lever position, resulting in a mix of hot and cold water. But very often warm water isn't needed at all. Cold water is usually sufficient for washing hands, brushing teeth or cleaning. BlueStart® technology avoids this unnecessary warm water use, reduces energy consumption, lowers CO₂ emissions and saves money.

BlueStart® iX

**Engineered for energy
and water savings.**

BlueStart® iX is the technology behind our leading-edge iX tap ranges, which offer a smart two-in-one solution, by combining the energy saving benefits of our BlueStart® technology with the hygiene and water-saving features of a touchless tap.

BlueStart® iX offers significant energy savings as only cold water flows when the touchless function is used which is usually sufficient for brushing teeth, washing hands or cleaning. Additionally, it helps save water as the flow stops automatically as soon as the user removes their hands from the sensor detection area. This also reduces the need for cleaning and avoids the spread of germs by touching the tap with dirty hands.

The BlueStart® iX technology is available in a variety of different designs, colours and sizes, offering a flexible, practical and environmentally friendly solution for modern bathrooms.

THE COLLECTIONS

Developed in collaboration with Europe’s leading designers, our collections are ideal for every bathroom – regardless of the size of your space, style or budget. With intelligent space-saving ideas and stylish storage solutions, our collections offer award-winning contemporary design alongside authentic period aesthetics – without ever compromising on performance.

I.LIFE

Modern living made better.

i.life is a thoughtful take of modern living -designed to feel effortless, inclusive, and full of possibility.

Created by the award-winning Palomba Serafini Associati, the i.life collection is made up of four distinctive ranges, as well as a new shower toilet. Each range has it's own character, but work together seamlessly - giving you more freedom to shape your space however you see fit. Built to last and engineered to perfection, the collection is also complimented by the new Ceralife O and C range of fittings which will be coming soon.

SOLUTIONS FOR THE ENTIRE BATHROOM

i.life offers products for the entire bathroom including toilets, bidets, furniture, shower trays, shower enclosures and bathtubs. The products can be paired with the versatile Ceraplan taps or other collections from our wide fittings portfolio.

SUPERIOR HYGIENE

The i.life toilet range provides a variety of styles and features, with a strong emphasis on hygiene through rimless designs and efficient flush technologies, making them easy to clean and maintain.

i.life O features HydroTwist® which sets a new standard for hygiene and efficiency, delivering pristine bowl cleaning in one powerful, vortex flush that conserves water and reduces.

All i.life B, S and A toilets feature RimLS+ technology which delivers a powerful whole bowl clean with no place for bacteria to hide.

I.LIFE E THE SMART SHOWER TOILET

Performance you
can count on.
Time after time.

I.LIFE E

Hour after hour.
Day after day.
Week after week.

Shower toilets should deliver reliability you can trust. Backed by decades of European manufacturing expertise, i.life E by Ideal Standard is a smart, practical choice for contemporary bathrooms. Combining modern aesthetics with intuitive controls, it offers a thoughtfully curated array of comfort and hygiene functions that deliver consistent, high-quality performance – time after time.

Rinse after rinse.
 Flush after flush.
 Dry after dry.

INTUITIVE OPERATION

All functions are easily managed via the remote featuring large, intuitive buttons and clear light signals, ensuring seamless operation even for first-time users. The memory function recalls your last-used settings, while primary functions are also accessible via the side rotary button. For added convenience, the horizontally designed remote can be permanently mounted using the included installation frame or used as a detachable unit thanks to its magnetic docking station.

NIGHT-TIME ORIENTATION LIGHT

A built-in sensor activates a gentle night light in low-light conditions, softly illuminating the side rotary button and the inside of the bowl. This thoughtful feature enhances visibility and convenience, especially for children and anyone who needs to use the toilet at night.

Designed with practical features and intuitive controls, the i.life E shower toilet effortlessly fits into your daily routine.

SENSOR-CONTROLLED USAGE RECOGNITION

To ensure functions are only activated when needed, the i.life E shower toilet features a sensor-integrated seat that detects user presence. This added precision is particularly beneficial for families with children or use in hospitality settings.

SOFT-CLOSE LID

The i.life E shower toilet features a soft-closing mechanism for the lid, preventing loud, accidental slamming.

- 1 Descaling programme
- 2 Rear wash
- 3 Night-light
- 4 Soft-close lid
- Drying function
- Front wash
- Adjustable water pressure
- 3 temperature levels
- Sensor-controlled usage recognition
- Adjustable nozzle position

Refreshingly clean, every time.

Enjoy personalised cleansing with four distinct spray modes: standard continuous, standard with oscillation, pulsating, and pulsating with oscillation. Adjust the water jet's position, intensity, and temperature using three heated settings from 24°C to 39°C – all easily controlled via an intuitive remote.

Continuous Spray + Oscillation

Pulsation | Oscillation | Pulsation + Oscillation

The dryer provides warm and comfortable drying with 3 adjustable temperature settings ranging from 30°C to 50°C.

I.LIFE O

Effortless harmony,
advanced performance.

With a soft, round design, i.life O brings warmth and balance to any bathroom. Its flowing curves evoke a sense of fluidity and equilibrium, effortlessly blending with various interior styles. The collection includes versatile vessel basins in a range of shapes and dimensions, alongside toilets and bidets designed for everyday comfort. Featuring the latest HydroTwist® flushing technology, i.life O combines inviting design with innovative performance to suit both renovations and new build projects.

SHAPED TO FIT EVERY SPACE

Embrace versatility with i.life vessels. They are available to specify in a range of shapes and dimensions including oval, soft square, and sharp square. i.life vessels also offer overflow and no-overflow options, allowing flexible combinations with different fittings and furniture. With a practical depth of 120mm, the collection is also compatible with both Ceralife O and Ceralife C mixer taps.

CLEAN DESIGN WITH CLEANER TECHNOLOGY

Experience advanced cleanliness and convenience with the new i.life O toilet and bidet range. With soft contours, rimless design, and powerful HydroTwist® technology, they're easy to clean, water-saving, and simple to install with EasyFix+.

I.LIFE O

I.LIFE B

Where life just flows.

i.life B has a contemporary minimalism which is softened by gentle curves and flowing lines.

This design aesthetic is reflected throughout a basin range with solutions to suit every shape and size of space, whether it's a family bathroom or a compact cloakroom. Choices span from the larger 120cm basin to the 45cm handrinse basin, with semi-countertop, vanity and corner versions also available.

This is where busy days begin and end. A place to look ahead to experiences yet to come and think back to good times with family and friends.

Clean geometric looks and pure shapes enable Ideal Standard to create a contemporary space that embraces style and strength in equal measure.

The i.life B range brings together performance and design with a clean and elegant look in pure white and chrome. Basins are available in a variety of styles and sizes which match perfectly to your needs, combined with a full pedestal, semi-pedestal and chrome bottle trap.

The classic Ceraplan brassware collection complements the ceramics with a modern, slim design that echoes i.life B's accessible aesthetic and offers German engineering for long-lasting function without fail. This is where design meets performance and all things are considered.

WHERE FUNCTION MEETS DURABILITY

This is minimalist design without compromise. An effortless and uncomplicated aesthetic combined with the superior performance of our RimLS+ flush technology.

I.LIFE S

Clever design that maximises space.

The best design is all about creating products which are quietly brilliant, where quality whispers because it doesn't need to shout.

i.life S is a space saving solution that enhances your home without sacrificing performance or compromising on aesthetics. This is the embodiment of Ideal Standard's ethos of simply making modern living better, with short projection products to work in less spacious environments.

It brings a sleek and contemporary minimalism to any bathroom with a quality of manufacture that means you can leave it to do its job while you're busy doing yours.

FINISHES

Furniture

- DU Matt White
- NF Sand Beige Matt
- NH Greige Matt
- NG Quartz Grey Matt
- NX Natural Oak
- NV Carbon Grey Matt
- NW Coffee Oak

Handles

- AA Chrome
- XG Silk Black

Why should smaller rooms miss out on stylish solutions? i.life S enhances compact bathrooms with intelligent touches that simply work.

Reduced projection basins feature clever design to perform perfectly while saving space and staying true to i.life's design principles. These are available in basins from 50cm to 60cm and vanity basins from 50cm to 80cm as well as the 45cm handrinse basin and 50cm semi-countertop.

For the ideal finishing touch, match with Ceraplan brassware, featuring geometric stylings which complement the flowing rectangular design of i.life S.

CARB2 and
PEFC certified
Production
and material

Compact spaces do not have to mean zero storage or surfaces full of clutter. Ideal Standard creates bathrooms that are clean and unfussy, with solutions to simply make life better.

i.life S offers vanity and column units with capacity that belies their size; room for stowing everyday essentials and candles to complement your evening soak. All i.life furniture comes in a choice of seven stylish finishes, including Sand Beige Matt, Carbon Grey Matt and Natural Oak, as well as handles in chrome and Silk Black. Doors and drawers feature soft close action for a subtle touch that adds a feeling of quiet luxury to your home.

A SPACE THAT'S EASIER, CLEANER, CALMER.

This is minimalist design without compromise. An effortless and uncomplicated aesthetic combined with superior performance and durability. i.life S is aspirational but not ostentatious.

It creates a home which looks ahead with positivity and purpose, reflecting your style without dominating it. Toilets and bidets in this collection are available as wall hung and back to wall, as well as a close coupled toilet option.

Cisterns come as standard size and also a water-saving compact design, each with dual flush, and there are four seats to choose from, including sandwich and wrapover versions. These are ceramics to complement your style and last long into the future you are building for yourself.

Pure, simple
and accessible.

i.life A allows you to create your world without harming the planet. Ideal Standard is fully committed to reducing our impact on the environment by cutting our carbon emissions, using recycled materials in manufacturing and recycling as much waste as possible.

We also insist that our furniture is built with timber from sustainable sources and currently 99% is FSC and PEFC approved, though we won't stop until this is 100%.

Production
and material

LIGHT DESIGN CREATES A FEELING OF SPACE; A CALM HAVEN WHERE LIFE JUST FLOWS.

Clean and uncomplicated, i.life A is the epitome of Ideal Standard's enduring design ethos.

Soft round edges and pure white ceramic combine with the chrome finish of Ceraplan brassware for a minimalist contemporary aesthetic. Manufactured using superior materials, with unrivalled expertise and care, these are beautiful products that will stand the test of time.

VERSATILITY TO MATCH ANY TASTE.

i.life A's varied range allows you to choose from basins with vanity unit, pedestal, semi pedestal and chrome bottle trap.

Intelligent touches make the most of space, like this corner basin which is perfect for cloakrooms and smaller bathrooms.

THE EVERYDAY RETREAT

A ritual dating back 4,000 years, bathing has gained a special place in modern life. It helps to melt away stress, enabling you to reset after a busy day. The i.life collection offers a broader choice of bath shapes to suit all spaces which are suitable for built-in and panel installation.

CONCEPT FREEDOM

Inclusively designed
bathrooms can be beautiful.

Award-winning designer Robin Leven worked with occupational therapists to develop solutions that are both accommodating and aesthetically pleasing.

Concept Freedom is a range of accessible ceramics, baths and showers. Thoughtful design for an independent lifestyle.

- 60cm basin designed for a wheelchair user to get as close as possible
- The basin can be hung lower and at the correct height for the individual user
- Elongated wall hung WC bowl with a 75cm projection for easy wheelchair transfer
- A lowered bath height of 460mm for easier access
- The bath has an extra-wide ledge which is reinforced to provide a hand-hold to aid standing and a seating area for a user or carer
- Raised height, standard projection WCs for improved comfort and easier access when sitting and standing

WALK IN SHOWERING

A wetroom is the ultimate in luxury but a few additions make it more accessible. The chrome grab rails and shower seat have been elegantly designed to blend in and the Freedom Dual shower valve has pin handles to make the controls easier to turn.

Safer bathing - For the bath project, we combined our many years' experience with the knowledge of later-life health specialists Red & Yellow and experienced occupational therapist Anava Baruch to ensure it was designed with independence and safety in mind.

'Getting in and out of the bath is often the first thing that people start to struggle with as they become less mobile. The design of the bath makes bathing a much less fraught and dangerous experience, whilst looking great too.' Anava Baruch, Occupational Therapist.

FREEDOM BATH FEATURES

- Winner of innovation of the year in KBB's Retail Design Awards 2017
- A lowered bath height of 460mm for easier access
- A foot rest provides a step for easier entry and exit. It also aids standing by providing something stable to push against
- The polyurethane gel headrest has 'shape memory' which responds to the arc of the neck and distributes pressure to provide firm, comfortable support
- An extra-wide ledge is reinforced to provide a hand-hold to aid standing and a seating area for a user or carer
- The bath is made in IdealForm Plus+, our strongest material, for complete stability

SHOWERING FEATURES

- Freedom Easybox thermostatic shower valves with metal lever handles
- Freedom Dual thermostatic shower with metal pin handles

For more info on showers see page 150.

WHEELCHAIR ACCESSIBLE FEATURES

- 60cm basin designed for a wheelchair user to get as close as possible
- The basin can be hung lower and at the correct height for the individual user
- Elongated wall hung WC bowl with a 75cm projection for easy wheelchair transfer
- Choice of standard, slow close or ring WC seat
- Hinged arm
- 45 and 60cm contemporary chrome grab rails for extra safety

WC FEATURES

- 460mm floor-to-rim height close coupled, back-to-wall and wall hung WCs
- Elongated wall hung WC bowl with a 75cm projection for easy wheelchair transfer
- Choice of standard close, slow close or ring only WC seats

TEMPO BATHS

- Arc or Cube shaped internal back rests
- A simple contemporary design aesthetic that can be combined with other Ideal Standard bathroom suites
- A wide range of sizes and options that include double-ended and water-saving baths
- Arc or Cube shower baths combine a generous showering area with a full size bath
- IdealForm baths: made from high quality, reinforced cell, cast acrylic sheet which is robust, scratch resistant and lightweight
- IdealForm Plus+ provides all the benefits of IdealForm, but with double the reinforcement for peace of mind. The thicker encapsulated baseboard and unique leg set provides a supremely sturdy core, whilst the acrylic outer shell is luxuriously glossy, smooth to touch and resistant to wear and tear.
- 25 year guarantee

TRADITIONAL ELEGANCE

- 56cm pedestal basin with one or two tap holes
- 45cm handrinse basin
- Four WC models: high and low level suites for an authentic period look as well as close coupled and back-to-wall versions
- Black or white seat finishes
- Faithful reproductions from our archives

WAVERLEY

For homes that crave an elegant and traditional look, Waverley offers authentic period style with the quality and reliability of modern manufacturing. Taking its reference from Victorian and Edwardian pieces and faithfully incorporating decorative details it brings a classical elegance to the bathroom and cloakroom.

PROSYS® INSTALLATION SYSTEMS

Engineered for your
peace of mind.

There's more to great bathroom design than meets the eye. What goes on behind the wall can be as important as what goes on in front of the wall. The Ideal Standard ProSys range of installation systems and flushplates work seamlessly with our range of ceramics and fittings ensuring every layer works together.

ProSys ensures that you can configure our products not just to create a beautiful design, but one that is easy to install, hygienic and sustainable too. A bathroom that works on every level.

- Full height and short height wc frames for wall mounted bowls
- Quality concealed cisterns with service tunnel for use with:
 - Back-to-wall bowls
 - Pneumatic, mechanical and electronic actuation options
- Special smartvalve inlet valve to help reduce water consumption
- Comprehensive range of contemporary dual flushplates in four standard finishes plus specialities
- Luxury electronic plates in a glass finish
- Compliant with all latest UK water regulations
- Easy, quick installation and effortless maintenance
- Washbasin frame options for deck mounted or built-in installation

PERFORMANCE-LED ENGINEERING

All our fittings are precision-engineered by us. We take great care over every part of the process at our factories across Europe. From the design development to the manufacturing and testing stages, our focus on excellence and quality materials never wavers. This is how we can guarantee perfect performance in your tap.

QUALITY THAT LASTS

We build our products to last. Everything that leaves our factories has been tested to the limit. We subject our taps to burst pressure, so we know the casting is strong and there won't be any leaks. We push our products through thermal shocks to replicate the most demanding conditions. As a mark of our confidence in our taps and for your peace of mind, our collections come with a five-year warranty¹. This is our promise of quality to you. We continue to bring this spirit of innovation to our products, producing cartridges that last for more than 750,000 use cycles, ten times the EU norm (EN817) and enough to last a family of four 20 years².

INNOVATION IS IN OUR DNA

We're focused on the future – and the evidence is in our past. In the 1960s, we invented the ceramic disc cartridge to control water flow with more durability, revolutionising the way people use bathrooms forever and making it possible to create the single lever tap.

EVERYTHING IN ONE PLACE

Through our Singular™ approach we can offer you unlimited inspirational bathroom solutions from a complete range of product categories. That doesn't just include taps and shower fittings, but also ceramics, furniture, bathtubs, trays, enclosures and accessories.

It brings together our deep product knowledge, sector expertise and design services to enable you to easily choose from thousands of products and create the right solution for your space. Whatever your bathroom type, design style or specific sector requirements, Singular™ offers everything to bring these concepts to life and to easily adjust them for a tailored result.

¹ Subject to Ideal Standard terms and conditions.

² Based on five uses per day per person as well as typical water conditions and use.

Singular™
from Ideal Standard

SINGULAR™ IS WHERE IT ALL COMES TOGETHER

From inspiration to installation, Singular is our end-to-end journey for creating endless cross-category washroom and bathroom solutions for all of our customers. It's built on our understanding of customer and sector needs, and brings together our specification expertise, design and performance to create solutions that make life easier for everyone

THE RE-DESIGN OF A LEGEND.

Re-designed for the modern world, Ideal Standard's Ceraplan is now slimmer, simpler and smoother than ever. This is the evolution of a classic piece, updated to help you face the challenges of modern living, achieving a beautiful balance of style and technology.

Ceraplan is the perfect companion for i.life, with options to suit basins, baths and showers of all shapes and sizes.

CERAPLAN

Ceraplan mixers are more modern, slimmer, simpler, and smoother than ever. We've redesigned a classic piece, updating it to help you face the challenges of modern living, achieving a beautiful balance of style and technology.

- FirmaFlow® ceramic cartridges with a lifespan of 500,000 cycles
- IdealComfort height options from 60 mm to 250 mm for greater comfort
- SmartShine® finish for easier cleaning
- Suitable for low and high pressure systems
- LightMove® for smooth and precise water-flow control
- Flow straighteners supplied to maximise flow rate
- Temperature limit stops can be pre-set for comfort and safety
- Pre-fitted 5-litres per minute eco flow regulators to save water
- Easyfix for hassle free installation and reduced risk of leakage and limescale
- Flexible tails to simplify and speed-up installation
- 5 year guarantee

A MIXER FOR EVERY SITUATION

Ceraplan is now more comfortable and ergonomic thanks to adjustments to the spout length and handle height, and easier to clean due to its smoother exterior.

Softened lines on the outside, solid German engineering on the inside – the Ceraplan brassware range is the centrepiece of your bathroom, 20 years in the making.

This is the brassware range for every need. Ceraplan has been designed to suit a wide variety of basin, bath and shower types. This includes standard, vessel, high spout, bidet and wall and rim mounted variations, all drawing from Ceraplan's softened geometric design fundamentals.

TESI

Tesi mixers express quality, style and versatility in equal measure. Designed by Artefakt with clean geometric lines, counter balanced by soft round forms, that complement the Tesi collection. Engineered in Germany to control water flow and temperature with impeccable precision.

- Complements the Tesi ceramic and bath collection
- Temperature limit stops can be pre-set for comfort and safety
- FirmaFlow® ceramic cartridges with a lifespan of 500,000 cycles
- Pre-fitted 5-litres per minute eco flow regulators to save water
- Flow straighteners supplied to maximise flow rate
- Easyfix for hassle free installation and reduced risk of leakage and limescale
- Flexible tails to simplify and speed-up installation
- WRAS certification
- 5 year guarantee

PreciTherm®

**Engineered
for comfort
and safety.**

Ensuring the ultimate shower and bath experience, the PreciTherm® thermostatic cartridge offers unrivalled levels of durability, safety and performance. Created to prevent potentially harmful fluctuations in water temperature, Ideal Standard's intelligent engineering prevents sudden surges of hot or cold water from causing discomfort or, at worst, scalding.

Rises or drops of up to 20°C are possible with nonthermostatic mixer valves, when a toilet is flushed or a hot tap is run elsewhere in the building, for example. With PreciTherm®, the maximum fluctuation is 1.5°C for up to two seconds before the temperature rebalances.

Cool Body

**Engineered
to protect.**

Whatever your preferred temperature, CoolBody from Ideal Standard ensures shower mixers stay cool to the touch. Our proprietary technology ensures hot water flow is always surrounded by cold water, keeping the external surface cool to the touch.

This protects users of all ages from accidental scalding and offers total comfort of use, as the thermostat is never too hot to operate, no matter how you like your shower.

ALU⁺

A personal showering experience.

◀ Alu⁺ Shower system

FINISHES

Brassware

ALU⁺ HAND SHOWER

Alu⁺ hand shower features a large 100mm head, offering greater coverage. With two spray functions – Rain for a more intense flow and Silk Rain for an ultra-fine, smooth sensation – it can be both refreshing and relaxing.

Alu⁺ focuses on sustainable details that make a difference. Made from 84% recycled aluminium and free from chrome, and nickel, it reduces environmental impact. Built-in water-saving technology limits flow for the handspray and the rain shower, ensuring performance with less water use.

- Cool Body technology for a safer shower
- PreciTherm® cartridges for precise and reliable temperature control
- Large 260mm 2 function head shower with Rain & SilkRain spray
- 2 function hand shower with Rain and Silk Rain spray
- Easy-clean nozzles
- Built-in shelves for convenient storage
- EasyFix for hassle-free installation
- Eco versions available

ALU⁺ SHOWER HEAD

With a spacious 260mm design, the Alu⁺ shower head provides full-body, immersive coverage. Choose between the intense Rain spray or the gentle, smooth SilkRain spray for a tailored shower experience.

WATER SAVING TECHNOLOGY

Alu+ features integrated water-saving technology across the entire range, with low limiters that restrict consumption – delivering sustainability without compromising performance.

Simply rotate dial to choose between Rain and Silk Rain experience.

Rain spray hand shower offers a refreshing, intense flow.

Water and energy-saving, Alu+ maintains high performance while supporting sustainability through its recycled content.

Silk Rain spray hand shower delivers a smooth, gentle mist.

Dual for built-in mixers	◦	◦				
Dual for exposed mixers			◦	◦		

Ideal Standard’s commitment to technological innovation means your daily shower is nothing short of pure luxury. The following pages reveal our extensive range of built-in and exposed shower mixers which can be combined with Idealrain shower kits (see page 163).

High or low pressure, thermostatic or manual, shower or over-bath, we have a solution that is guaranteed to deliver.

WATER SAVING

→ Flow restrictors reduce water consumption to 8 litres per minute

3 SPRAY MODES

→ A choice of three shower modes in one handset.

CERAMIC DISC

→ A ceramic disc water flow cartridge that is robust, drip-free and impervious to lime deposits

SAFETY STOP

→ Limits outlet water temperature to 40°C to protect vulnerable users, with manual override

HIGH PRESSURE

→ Product only suitable for high pressure installations with a minimum 1 bar

COOL BODY

→ Body remains cool to the touch at all times to ensure safer use and prevent burning

GUARANTEE

→ All Idealrain showers are guaranteed for 5 years

WHICH SHOWER MIXER?

An installer will help you identify the perfect combination of mixer and shower kit for your hot water system. This page helps to identifies some of the main features to help you compare products.

THERMOSTATIC

This is the safest type of shower. Thermostatic valves maintain a constant temperature irrespective of hot or cold water flow, rate, pressure or temperature. There is no need to continually adjust the temperature setting during showering. For the increased safety of vulnerable users many thermostatic valves feature a temperature safety stop of 40°C or a temperature limit stop which can be set to 40, 43, 45 or 50°C

MANUAL

This type of shower relies on the temperature of the hot water system. It does not compensate for variations in hot and cold water flow rate, pressure or temperature. It includes a temperature limit stop with 7 settings to reduce the amount of hot water that enters the mixer.

WATER PRESSURE

Many users prefer the indulgent force of a shower fed by a high pressure, mains water system. An installer will help you identify your water pressure which is measured in bar¹, however this is a simple guide to the different heating systems:

Mains water

Combination boilers: between 1 & 5 bar.
Vented systems: between 1 & 5 bar.
Pumped gravity fed: between 1 & 3 bar.

Gravity fed

Water is stored in a cold water tank in the loft: 0.1 bar.

¹ 1 bar is equivalent to 10 metres in height between the bottom of a cold water tank and the top of the shower head.

FREEDOM

Providing solutions to those with additional needs.

A contemporary design with easy to use pin handles, offering excellent performance at an affordable price.

CTV

A thermostatic shower valve that offers easy installation and exceptional value without compromising on style or quality. Available as an exposed or built-in model CTV gives precise control over water temperature and flow from a single handle.

- Recommended for high & low pressure
- Temperature control mechanism has a temperature limit stop which can be set to 40, 43, 45 or 50°C
- Automatic safety shutdown should the hot or cold watersupply suddenly fail
- Extended lever model for less able users
- Meets the requirements of TMV3 and NHS D-08 schemes
- Exposed valve is suitable for concealed or exposed rising or falling pipework
- Fits standard pipework centres of 153mm (adjustable from 147-155mm)
- Shower packs include a removable 8 litres per minute flow regulator to save water
- 5 year guarantee

IDEALRAIN HEADS, KITS & ACCESSORIES

- Flow restrictors reduce water consumption to 8 litres per minute
- A choice of three shower modes in one handset
- Body remains cool to the touch for safety and comfort
- 5 year guarantee

RAIN

A relaxing downpour thanks to nozzles that extend up to the spray plate edge.

FINE RAIN

A gentle but abundant spray for a thoroughly cleansing feel.

MASSAGE

The massage spray mode delivers a truly invigorating experience.

The Idealrain shower range offers a wide choice of elegant styles, innovative functions, improved efficiency and comfort. There's a showering solution to enhance any specification and budget.

Choose from a variety of handsprays, shower kits and rainshowers. Idealrain brings unsurpassed efficiency, function and showering pleasure.

RAIN SPRAY MODE

Single mode shower heads with a rain spray pattern.

WHICH SHOWER ENCLOSURE?

Ideal Standard understand what it takes to make the perfect shower environment. The main considerations for planning are access, space and position. From ingenious door mechanisms that work in the smallest ensuite to spacious enclosures for family bathrooms, we have a solution for every conceivable scenario.

Expert engineering means our Connect 2 shower enclosures and bath screens are full of clever features which make them not just a pleasure to use but easy to install, clean and maintain.

CONCEALED FIXINGS

- The cover caps of Connect 2 click easily into place during installation and combine with top caps to conceal all fixings.

SMOOTH RUNNING WHEELS

- Quality components ensure doors glide along effortlessly and silently.

HORIZONTAL ADJUSTMENT

- Allows perfect fitting to out-of-true walls.

POWER SHOWER PROOF

- Enclosures have been tested to ensure that even with the most invigorating of showers the seals remain watertight.

GUARANTEE

- Enclosures, wetroom panels and baths screens have a 10 year guarantee

GLASS THICKNESS

- 8mm toughened safety glass.

IDEALCLEAN

- Reduces cleaning time by up to 90%. A special coating makes glass easier to clean and it stays cleaner for longer.

CLICK & CLEAN

- Lower wheels and panels can be released for cleaning. The panel clicks back into position for a watertight seal.

Corner Installations

Quadrant/Offset Quadrant

These curved enclosures suit almost any bathroom design, creating an open environment, even in restricted spaces.

Sliding Door with Side Panel

Sliding doors offer maximum access where there is limited space to open a door. They can also work well in larger spaces to create luxurious showering areas.

Corner Entry

When space is limited on either side of a shower enclosure a corner entry with sliding doors offers an effective solution.

Pivot Door with Side Panel

These doors swing open to offer wide access, which when combined with a side panel creates a light and airy showering area.

Infold/Bifold Door with Side Panel

When there isn't room to open a door an infold door is a good solution. It offers wide access in tight spaces.

Alcove Installations

Sliding Door

Sliding doors are a practical solution for alcoves, especially larger spaces. The door glides on smooth running wheels for access.

Pivot Door

These doors work well in alcoves allowing the maximum showering area combined with the maximum access.

Infold/Bifold Door

The infold/bifold door is a great option for smaller spaces. It folds inwards to provide full access.

CONNECT 2

Designed for
everyday living.

Sleek, minimal and modern, Connect 2 is a luxury semi framed shower enclosure without the price tag. Designed to look and feel sensational, it combines high quality materials with practicality for everyday showering pleasure.

- 6mm safety glass
- Idealclean treatment to make glass stay cleaner for longer
- Power shower proof
- Suitable for installation on a tray or wetroom floor
- Concealed fixings
- 10 year guarantee

ULTRAFLAT S I.LIFE SHOWER TRAYS

At just 30mm high, UltraFlat S i.life shower trays are as contemporary as they are practical.

Complete with a robust gel coat finish, the stone resin trays boast a quality textured stone characteristic on the surface but also important anti-slip properties, with a Class C anti-slip rating EN16165.

Available in four contemporary matt stone finishes, the comprehensive model range has 27 sizes across square and rectangular shapes.

They can be installed either on the floor, or flush with the floor creating a seamless, luxury feel for a level access installation. They can also be 'installer cut' on site if the installation requires it.

They come complete with a colour matched waste cover.

- Available in four contemporary matt stone finishes
- 30mm height
- 90mm waste to be purchased separately (T5528AA)
- Waste cover included
- Stone resin with gel coat material
- Antislip en 16165 (class C)
- Stain resistant
- 5 year guarantee

ULTRAFLAT EVO SHOWER TRAYS

UltraFlat Evo is our evolution in sustainable shower trays with this fully recyclable range. Crafted from the innovative material StoneTech™, these trays combine sustainability with sleek design and practical features, offering an eco-friendly solution without compromising on style or functionality.

The new trays have been created with environmental concerns as a top priority, according to Ideal Standard's EcoLogic approach to new product development, which integrates sustainability into manufacturing processes and finished products.

UltraFlat Evo shower trays are meticulously designed to minimise environmental impact. Crafted from StoneTech, an advanced material containing 35-40% recycled content, including marble and production waste, these trays are entirely fiberglass-free and 100% recyclable. At the end of their life, they can be repurposed for road bases or construction projects. StoneTech also requires approximately 45% less resin than acrylic shower trays, while maintaining exceptional durability.

- Crafted from StoneTech which comprises 35-40% recycled content, including marble and production waste.
- Uses 45% less resin than acrylic models.
- UltraFlat Evo trays are fiberglass-free, 100% recyclable and, at end of life, can be repurposed for road bases or construction projects.
- Feature built-in protection against harmful bacteria, with a surface texture offering Class C anti-slip rating.
- Trays can be trimmed on all four sides to accommodate various room dimensions.

ULTRAFLAT EVO 183

SIMPLICITY SHOWER TRAYS

Simplicity shower trays complement our enclosures. These slim, low profile trays are strong and durable with a clean contemporary design which makes them suitable for a wide range of installations.

- 40mm height excluding upstand
- Made from lightweight stone resin
- Acrylic capped abs offers strength and stability with a smooth, scratch-resistant gloss surface
- Floor standing or riser installation
- Slim, low profile trays with a choice of upstand solutions for leak-free installation
- Supplied with a 90mm fast-flow chrome waste
- 25 year guarantee

UPSTANDS

Upstand trays feature a water retaining lip around the edge that is tiled into the wall to minimise water leaks (see left).

The shower is installed against the finished wall with plaster board on top of the upstand. The tray is then tiled into the wall by tiling over the upstand onto the tray.

Where an upstand is not required around the whole tray a roll of flexible adhesive upstand is available to purchase which can be cut to size as required.

SHOWER TRAY SHAPES

There is a wide range of shapes and sizes available for every type of installation.

ACCESSORIES, MIRRORS & LIGHTS

We make it easy to get
the smallest details right.

Bathrooms should be as individual as the people using
them. That's where our range of accessories come in.

The finishing touches that effortlessly bring everything
together. From ingenious storage solutions and integrated
towel rails, to complementary lighting and magically
demisting mirrors.

GUARANTEE

Ideal Standard have been producing bathrooms for more than 100 years. Intensive and continuous testing is the key to class-leading durability. Designed to endure the impact of daily use all of our products are guaranteed to perform stylishly and reliably, year after year.

Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee many of them for a lifetime. Our guarantee is offered on all products that have been used in the manner for which they were intended and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water by-laws. In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installation.

For full conditions, please refer to our website:
www.idealspec.co.uk/support/guarantee.html

Ideal Standard pursue a policy of continuing improvement in design and performance of our products. The right is therefore reserved to vary specifications without notice. While great care has been taken to ensure accuracy of all prices, product codes, descriptions and dimensions, Ideal Standard reserves the right to correct errors or misprints. Colour reproduction is as accurate as possible within the limitations of the printing process.
