IDEAL-Standard

Milano - via Ampère 102

Un tempo si fabbricavano apparecchi igienici con materiale assorbente e poroso, facile nido di germi. Avete simili apparecchi nel vostro bagno? Ebbene, ricorrete, un nemico è in agguato nella vostra casa, presente e invisibile. Sbarazzateviene al più presto!

L'Ideal-Standard fabbrica i suoi apparecchi con la Vitreous China, un materiale di struttura omogenea, impermeabile in tutto lo spessore, sul quale lo smalto ha unicamente la funzione di rendere la superficie esterna gradevole alla vista. Con la Vitreous China non esistono germi.

A new era of design

As society continues to evolve at incredible speeds, Ideal Standard is building on this unique heritage, challenging itself and its designers to once again imagine what's next. To take technological innovations and design to the next level. We are at the start of an exciting journey. Simplicity begins in tradition – and ends in innovation.

Ideal Standard is so much more than one of the world's leading manufacturers of bathroom products and solutions. We see ourselves as part of the community of architects and designers in the process of creation. In shaping the evolution of modern life. For over 100 years, we've followed a mission of Innovation and Design. We lead innovation with new shapes, new materials, colours and function, all with the needs of our customers in mind. And throughout our history we've cooperated with the leading designers of their era. Master Designers that have the unique ability to capture the essence of the time and translate that into designs that accompany and shape the evolution of society. This essence of design is what we want to capture again.

In the 1970s, Ideal Standard teamed up with Italian Master Designer, Achille Castiglioni, to create what was then known as the breakthrough architectural design in the bathroom area - and propelled the bathroom from a functional space into a living space the way we know it today.

When done right, a well-designed project completely transcends its function and becomes timeless. Some of Ideal Standard's designs, created by Italian icons such as Ponti and Castiglioni are perfect testimonies of this principle. I am honored to follow in the footsteps of these Italian Masters and support Ideal Standard's continued journey to design and develop innovations that will once again redefine not only bathroom design, but design in general."

Roberto Palomba,
Chief Design Officer of Ideal Standard Group

The Eternal value of Design

Our mission at Ideal Standard is to shape the future of modern living, together with urban designers, architects, interior decorators, constructing companies and our partners in trade and research. We see ourselves as partners in the process of creation. Our vision is to make life better for our customers.

Society is constantly evolving thereby redefining the meaning of Modern Living. We aim to create a seamless synergy of functional perfection and aesthetic beauty.

Our latest contribution to the culture of design is Atelier Collections. Aimed at fostering the process of creation, every collection from this laboratory of ideas brings together innovation and beauty to enable the realisation of timeless projects. All collections are embedded in a universe that creates a unique project. A new era of design, deeply rooted in our rich heritage, continuing our contribution to the Eternal Value of Design.

The perfect combination

TO ENSURE FLAWLESS PERFORMANCE AND AN EFFORTLESS INSTALLATION OF THE CERATHERM NAVIGO® SHOWER MIXERS, THEY HAVE BEEN COMBINED WITH IDEAL STANDARD'S BUILT-IN INSTALLATION TECHNOLOGY - EASY-BOX. FIRST LAUNCHED 10 YEARS AGO, EASY-BOX IS INSTALLED IN ABOUT 800,000 BATHROOMS. SO, YOU CAN BE SURE IT DELIVERS ON ITS PROMISE.

CERATHERM NAVIGO 2 outlet round shower mixer / Magnetic Grey finish

Unlimited possibilities, one single solution.

THE COMBINATION OF OUR CERATHERM NAVIGO® THERMOSTATIC MIXERS AND THE FLEXIBLE BUILT-IN EASY-BOX UNIT OFFERS A WIDE VARIETY OF SOLUTIONS FOR YOU TO CHOOSE FROM.

Whatever your project and installation requirements, Easy-Box can adapt to your specific needs, allowing you to create a durable and reliable showering solution.

Our Ceratherm Navigo® shower mixers are available in four different finishes and can be combined with Ideal Standard's matching shower accessories.

Finally, we offer a wide range of taps and mixers in the same colour ways, expertly crafted ceramic collections and beautifully designed furniture that enable you to create your one, perfect bathroom solution.

Greater flexibility

The universal Easy-Box installation kit is also the perfect choice for Ideal Standard's wide range of two-handle and electronic thermostats as well as single lever manual mixers, offering more flexibility in bathroom design.

OUR SHOWER MIXERS ARE AVAILABLE IN FOUR DIFFERENT FINISHES AND CAN BE COMBINED WITH THE MATCHING SHOWER ACCESSORIES.

Recommended combinations

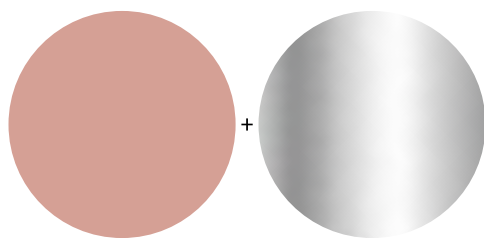

A CAREFULLY CONSIDERED RANGE OF FINISHES,
SELECTED TO OFFER YOU FREEDOM
OF CREATIVE EXPRESSION.

Ceramics

Ten new ceramic colours join White Gloss and White Silk to offer a complete palette that brings a sense of emotion to bathroom interiors. Some colours hark back to historical Ideal Standard designs but with a contemporary and elegant finish, while others are entirely new and have been designed to complement popular modern materials, such as marble and stone.

Brassware

The finishes within our brassware palette can be combined with our ceramics and furniture to create strong visual statements – the perfect synergy between shape, material and colour. PVD coating is by far the most durable coating available. It is ten times more scratch resistant, and has three times more surface hardness.

CONCA'S PHILOSOPHY IS INFORMED BY THE FUNCTIONAL
AND AESTHETIC VALUE OF THE GEOMETRICAL STRUCTURE
IN ARCHITECTURE, IN DESIGN AND IN THE FIGURATIVE ARTS.

Colour creates mood.
It allows the customer to
create a unique environment.

ROBERTO PALOMBA

— BATHTUBS

Technologies

AQUABLADE®

**Unrivalled innovation,
redefining the industry**

Superior, splash-free flushing,
even at low water volumes.
For spaces where hygiene
is paramount, and for washrooms
where first impressions are essential,
AquaBlade® is the ultimate
design solution.

CLEANER

AquaBlade® Technology ensures 95%
of the surface is cleaned every time.

SMARTER

More effective and efficient use of water
compared to standard flushes.

QUIETER

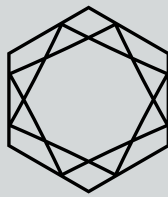

Aquablade® is proven to be up to 25%
quieter than our equivalent models.

DIAMATEC®

Impossibly fine, effortlessly strong

Diamatec
technology

Striving to achieve the most thin and precise designs in ceramics, Diamatec® was developed using a unique blend of alumina and chamotte. The result is a new material that allows designers to achieve the near impossible: highly complex and challenging designs with unprecedented strength and durability.

STRONGER

Diamatec® technology means every Ipolyss basin can withstand the maximum impact energy a test machine can deliver.

ENDURING

Thanks to Diamatec®, Ipolyss stands up to the most demanding conditions, while being only 3.5mm at its thinnest point.

LIGHTER

Diamatec® allows us to combine an ultra light design aesthetic with hardwearing durability for demanding environments.

Engineered with the future in mind

1969 was a landmark year when our engineers pioneered the ceramic disc cartridge to create a unique drip-free, easy-to-use and incredibly durable single lever tap. Today we keep bringing meaningful innovations to the markets to ensure our taps are not only efficient but also offer sustainable features as well as comfort.

ECOFLOW REGULATOR

WATER IS A PRECIOUS RESOURCE.
SAVE WATER WITH ECOFLOW.

Our Eco Flow regulator reduces the water consumption down to 5L/min, without compromising on comfort.

EASYFIX® INSTALLATION

EASY AND FAST TO INSTALL

EasyFix® makes installation simple with its reliability reducing maintenance and cutting installation time by 30%.

LIGHTMOVE®

SUPERIOR PINPOINT PRECISION
OVER WATER TEMPERATURE.

The FirmaFlow® cartridge enables finer temperature adjustments between 34°C and 42°C. Precision is paramount with LightMove®, improving tap handle usability, whilst the in-built hot water limiter makes scalding a thing of the past.

SMARTSHINE® FINISHING

SMARTSHINE® FINISHING ALLOWS
OUR CHROME TO LAST LONGER.

SmartShine® Finishing allows our chrome to last longer. It makes our taps easy to clean and easy to maintain.

Engineered for Control

Navigo® technology let's you control your showering experience with one smooth push of a button. The sleek innovative system provides ultimate control over water flow and temperature, making every single shower a perfect one.

Navigo® allows you to operate your shower with one simple push-and-turn movement:

Pushing the control knob starts or stops the shower.

Turning the dial allows for precise control of water flow.

LUXURIOUS SHOWERING

Experience hand-spray and overhead rain-shower simultaneously.

METAL HANDLES

Ergonomically designed metal handles featuring easy-grip grooves.

SLEEK DESIGN

Slim faceplate made of metal for long-term durability.

PRECISE TEMPERATURE CONTROL

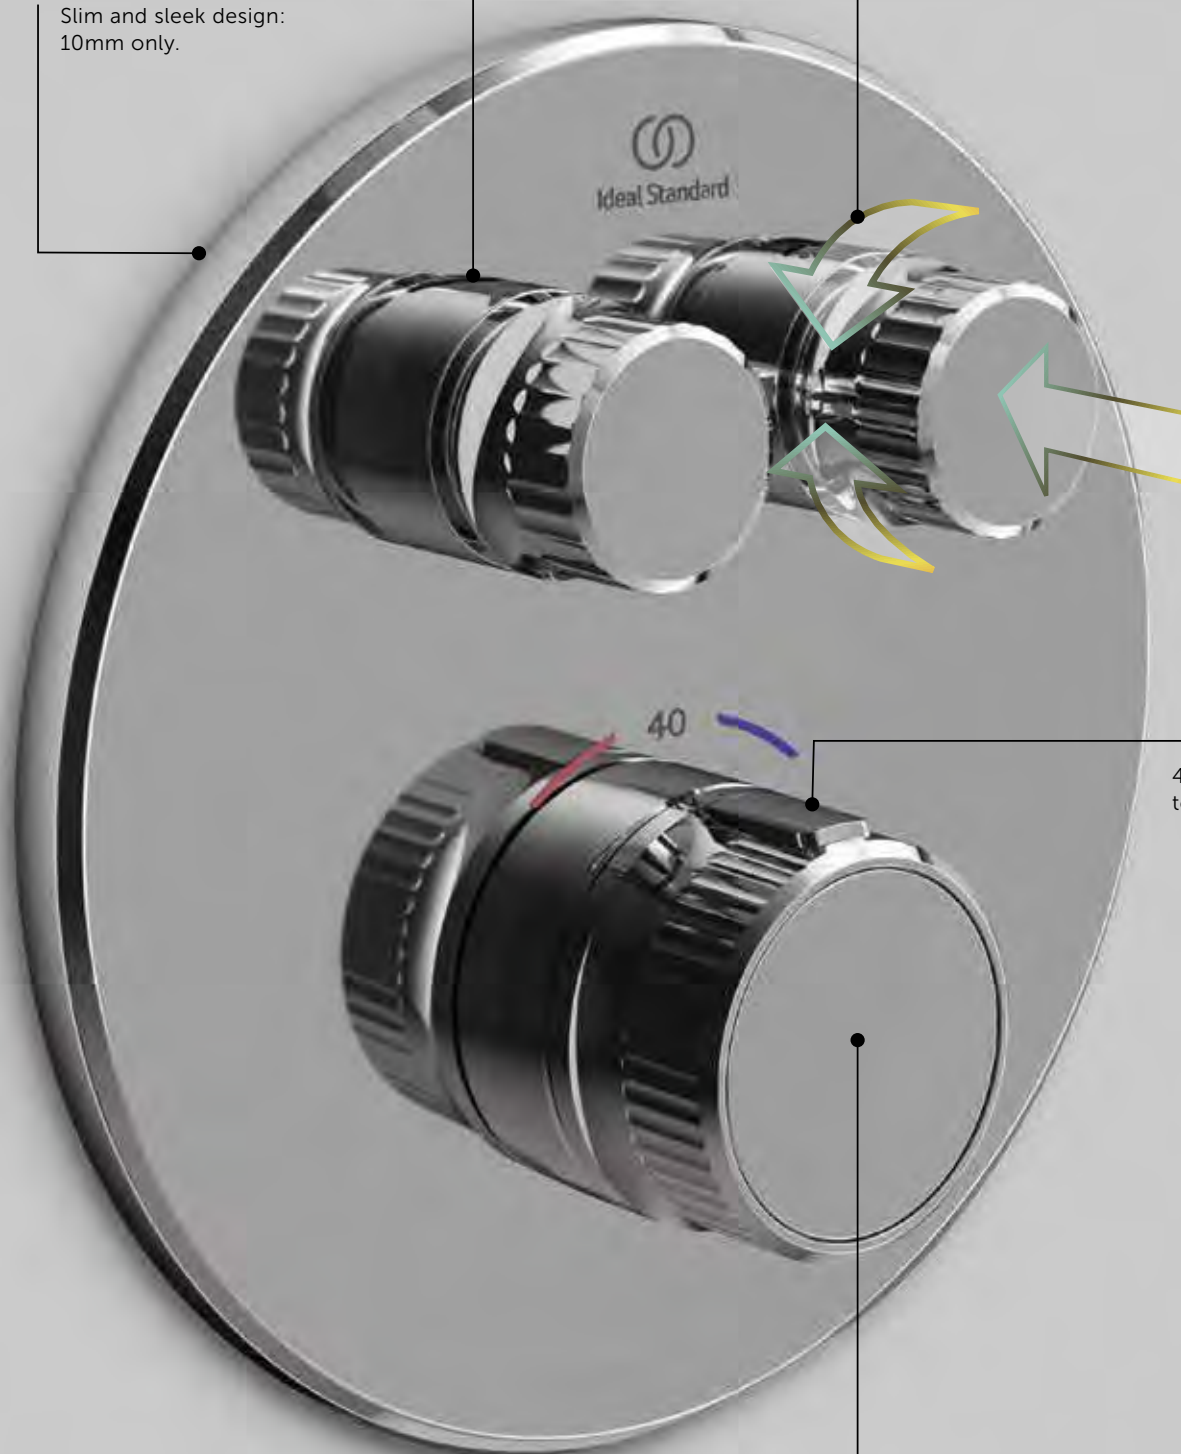

FirmaFlow® Therm thermostatic cartridge offering precise temperature control.

Discreet shower option symbols on top of the control knobs for an intuitive operation.

Slim and sleek design: 10mm only.

One smooth push-and-turn movement to control the water flow at your preselected temperature.

40°C safety button to prevent scalding.

Precise and consistent temperature settings.

The hidden technology: Easy-Box

Ideal Standard's flexible built-in unit simplifies the installation process and eliminates the need for any specific tools. Thanks to its innovative features, the Easy-Box can adapt to any project and installation type.

Smart features for an effortless installation

FIXATION HOLES

The conveniently-positioned holes facilitate mounting in all installation positions.

CABLE ENTRY

for electronic versions.

PIPE CONNECTIONS 1/2"

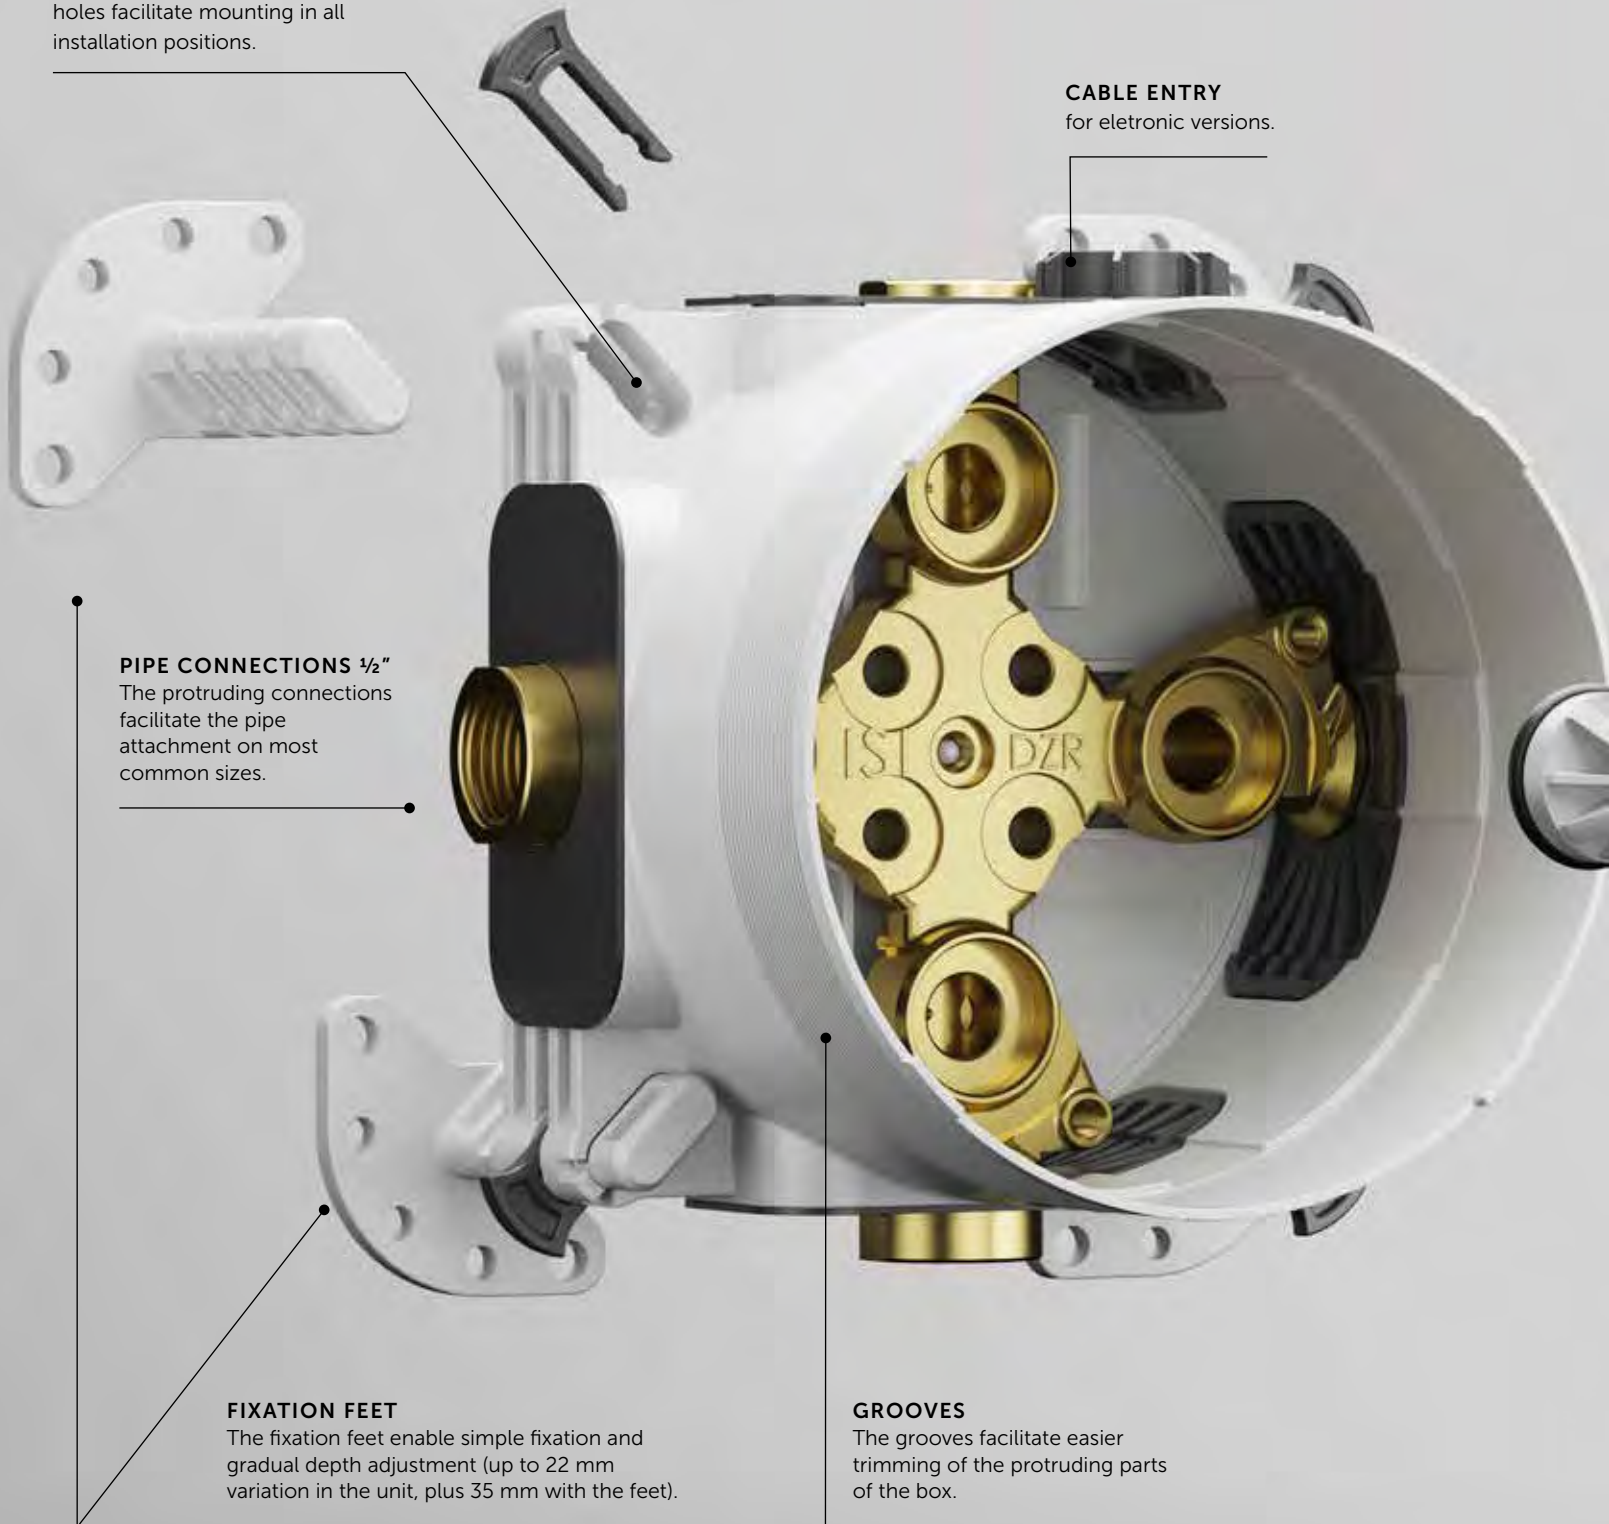

The protruding connections facilitate the pipe attachment on most common sizes.

FIXATION FEET

The fixation feet enable simple fixation and gradual depth adjustment (up to 22 mm variation in the unit, plus 35 mm with the feet).

GROOVES

The grooves facilitate easier trimming of the protruding parts of the box.

FLUSHING DEVICE

Easily flush the water supply and pipes to the outlets.

COVER

The cover contains a short installation guide (not shown in image) and an integrated spirit-level holder to facilitate alignment of the Easy-Box.

SUPPORT

The optimised spirit-level holder enables accurate and reliable positioning both horizontally and vertically.

Our rings are an enduring symbol of
Ideal Standard Group.

They represent the partnerships that happen
during the process of creation; the collaborations
between ourselves and architects, our engineers
and customers, our craftspeople and the world's
leading industrial designers of today.

They embody our balance of form and function,
the elegance of our products and the timeless
quality of our design.

Above all, they symbolise our overarching
promise: **Together for Better.**
