Dare to be different.
Ideal Standard

Design is in our DNA.

And we believe it is in yours too.
Let your personal taste and your sense of style
speak out with our new silk black finish.
Black embodies sophistication
and elevates any room in an instant,
whether you aim to fully transform
your space with a bold design
or create visual contrast by adding
only a touch of black.
Our wide choice of products – from
basins, toilets and furniture to shower trays,
enclosures and accessories – will
offer you seemingly endless opportunities
for self-expression.

Be your own trendsetter.

Dare to be different.

Ceraline

CLEAN LINES AND GENTLE ARCS COATED IN SILKY BLACK

With soft geometries and an organic, cylindrical shape Ceraline offers a timeless design. Drawing inspiration from Scandinavian styling, it's going to bring simple, minimalist beauty to your space. The silk black finish makes this a bolder choice, but combined with natural materials and softer hues you achieve a perfect balance. Designed for everyday living, the higher spout brings comfort and convenience.

FirmaFlow®

HIDDEN BRILLIANCE SINCE 1969

We pioneered the ceramic disc cartridge in 1969. This innovation redefined the way people used bathrooms and made it possible to create the single lever tap. As the ultimate development of the original ceramic disk cartridge, some 50 years on, FirmaFlow® is undisputed market leader with its innovative engineering and extraordinary powers of durability, comfort and control are achieved for twice as long as the industry standard.

ECOFLOW REGULATOR

WATER IS A PRECIOUS RESOURCE.
SAVE WATER WITH ECOFLOW.

Our Eco Flow regulator reduces the water consumption down to 5L/min, without compromising on comfort.

LIGHTMOVE

SUPERIOR PINPOINT PRECISION OVER WATER TEMPERATURE.

The FirmaFlow cartridge enables finer temperature adjustments between 34°C and 42°C. Precision is paramount with LightMove®, improving tap handle usability, whilst the in-built hot water limiter makes scalding a thing of the past.

EASYFIX INSTALLATION

EASY AND FAST
TO INSTALL.

EasyFix makes installation simple with its reliability reducing maintenance and cutting installation time by 30%.

FirmaFlow® Therm

POWERING THE EVERYDAY

Ideal Standard's shower solutions performs beautifully, because we design every model from the inside out. You can install with confidence and ease, while enjoying unrivalled levels of safety and performance. Our shower systems are fitted with FirmaFlow® Therm, the most durable thermostatic cartridge. The ergonomic design of our products delivers the perfect experience, day after day.

ECOFLOW REGULATOR

WATER IS A PRECIOUS RESOURCE.
SAVE WATER WITH ECOFLOW.

Ceratherm T thermostats feature an eco-setting, allowing you to limit flow up to 50% without any loss of performance. And our Idealrain handsprays are fitted with a flow restrictor (8L/min) to provide maximum water efficiency.

COOL BODY

COOL TO THE TOUCH.
PROTECT ALL USERS.

Cool Body technology ensures the hot water flow is always surrounded by cold water. So whatever your perfect temperature is, the Ceratherm T body stays cool to the touch at all times, giving total peace of mind, protecting users of all ages from scalding.

TEMPERATURE CONTROL

JUST RIGHT,
EVERY TIME.

Should the hot or cold water supply unexpectedly cut off, the water flow will stop automatically to protect from shocks and scalds. Only restarting, under complete control, when the water supply returns.

MAXIMUM SPRAY

MADE FOR MAXIMUM
COMFORT.

Idealrain delivers a personal shower experience. Large handsprays ensure maximum comfort and edge-to-edge nozzles are designed to create big indulgent downpours.

EASY CLEAN

PEACE OF MIND

Our shower head and hand showers feature soft rub-clean nozzles. They help reduce limescale and facilitate cleaning, creating a shower that will look good for a long time.

Ultra Flat S

A TOUCH OF CLASS

Give your shower a touch of class and personality with something a little out of the ordinary. Elegant and contemporary, these shower trays can help you add a subtle, yet distinctive look to your bathroom thanks to the stone like effect. Choose between jet black and pure white for a modern monochromatic look. Ultra Flat S shower trays are bacterial resistant and are made with an anti-slip material, so you can relax and enjoy your shower. The flat appearance of the shower tray will give your bathroom the seamless look of a wet room and also allows for water to run away easily.

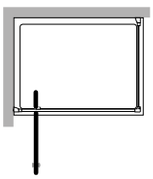
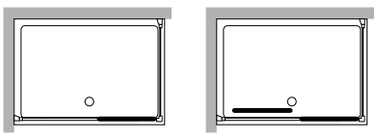
CORNER INSTALLATIONS

Pivot door with side panel
These doors swing open to offer wide access, which when combined with a side panel creates a light and airy showering area.

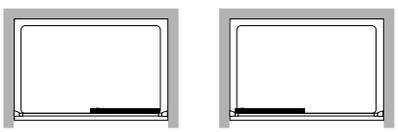


Sliding Door with side panel
Sliding doors offer maximum access where there is limited space to open a door. They can also work well in larger spaces to create luxurious showering areas.



ALCOVE INSTALLATIONS

Sliding door
Sliding doors are a practical solution for alcoves, especially larger spaces. The door glides on smooth running wheels for access.



Pivot door
These doors work well in alcoves allowing the maximum showering area combined with the maximum access.

Ideal Standard have been producing bathrooms for more than 100 years. Intensive and continuous testing is the key to class-leading durability. Designed to endure the impact of daily use all of our products are guaranteed to perform stylishly and reliably, year after year. Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee many of them for a lifetime. Our guarantee is offered on all products that have been used in the manner for which they were intended and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water by-laws. In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installation.
