Weights

A4846 1.70 KG

Finishes

A4846  Chrome (AA)

Materials

A4846 Chrome Plated Brass

Flow rates

A4846 3.7 Litres per minute @ 3 bar pressure

FINISH OPTIONS

(AA) Chrome

(GN) Ultra Steel

Special Notes

Designed to be supplied with pre-mixed water. Consideration should be given to safe hot water delivery and the use of an appropriate temperature reduction device. The downward pointing sensor is set to work in the normal handwashing position. This helps to eliminate false triggering from high visibility clothing associated with forward facing sensors and we also do not recommend the use of Chromium plated wastes. Factory set to remain open for 1 second after removal of hands and automatically shuts off if sensor is obstructed for a maximum of 55 seconds. Mains powered (transformer) do not connect to an interruptable power supply. Option to link up to 5 link units per main unit and stand alone battery powered units.
