Finishes

A6737  Chrome (AA)

Materials

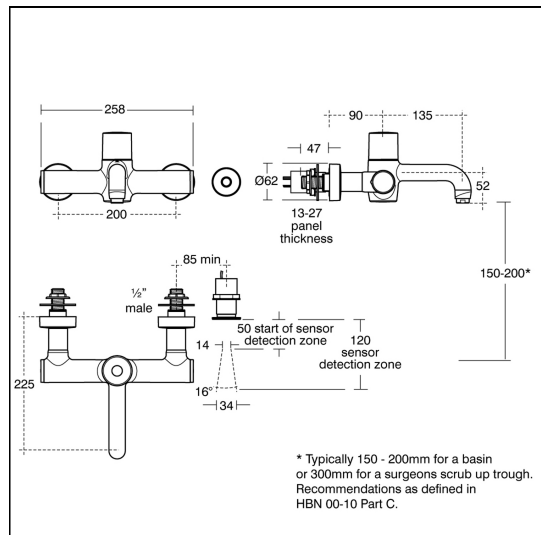

A6737 Chrome Plated Brass

Standards

HTM 04-01 supplement D08, HBN 00-10

Special Notes

Mixer Tap is activated by hand movement over the sensor and water will run for a predetermined length of time. Factory pre-set at 1 minute but adjustable on site. Hygienic automatic flush can be set to flush the tap every 6, 12, 24, 48 or 72 hours to eliminate stagnancy in the system. Minimum 0.6 bar pressure, regulated flow to a maximum of 10 litres per minute. A separate purging kit is available to facilitate installation flushing and water sampling.
