

Concealed Urinal Cistern

ILLUSTRATED

S0851 Urinal cistern, non auto, for use with BI urinals and low pressure Sensorflow operation, 8 litre capacity

OPTIONS

A7058 Sensorflow 21 urinal flush, Low Pressure Valve, panel mounted, mains

A7059 Sensorflow 21 urinal flush, low pressure valve, panel mounted, link

ILLUSTRATED PRODUCT DETAILS

Weights

S0851 1.83 KG

Finishes

S0851 Neutral / No Finish (67)

Materials

S0851 Plastic

Capacity

S0851 8.0 litres

Special Notes

This urinal storage supply tank is designed to be used in conjunction with our Sensorflow urinal sensor flushing devices. Before connection, flush water through the pipework to remove all debris etc, which could damage valve mechanism. Then ensure water supplies have been isolated. No sealing compound, flux or solvent to be used in contact with plastic or rubber surfaces to avoid damage, rubber washers will provide adequate seal. PTFE tape may be used on threads. Do not over tighten fasteners. Hand turn + 1/4 turn is recommended and should provide an adequate seal. No chemical block / additive to be used in this storage supply tank. Read instructions thoroughly.
